EDUCATION

Thiru A.Govindhasamy Arts & Science Collage,

Thindivanam — *Bachelor of Mathematics*

2016 -2019.

Lourdu Annai HR SEC School, Villupuram — *HSC*

2014 - 2016.

PROJECTS

E-Commerce — *Django*.

Developed a comprehensive Django e-commerce project, implementing core features such as user authentication, product management, cart functionality, and order processing. Integrated secure payment gateways and ensured a seamless shopping experience. Utilized Django's ORM for database management and incorporated responsive design principles for a user-friendly interface. Implemented search functionality, product recommendations, and order tracking to enhance customer satisfaction.

Hospital Management System — *Flask*.

I developed a Hospital Slot Booking System using Flask framework. The project facilitates efficient scheduling of appointments by allowing users to reserve available slots for medical services. Implemented features include user authentication, real-time slot availability updates, and a user-friendly interface. Employed Flask's RESTful capabilities for seamless communication between the front-end and back-end, enhancing the overall user experience.

Farmer Management System — *Flask*.

I spearheaded the development of a comprehensive Management System using Flask, a Python web framework. This project addressed organizational needs by centralizing data and enhancing workflow efficiency. Implemented features included user authentication, task assignment, and dynamic data visualization for informed decision-making. Leveraged Flask extensions for seamless database integration and RESTful API design for efficient communication between front-end and back-end components.

SKILLS

Python Programming

Flask

Django

MY SQL

HTML

CSS

BootStrap

Java Script

React JS.

AWARDS

Certified Python Developer

Attended a 6 days workshop
on Web Developing.

I regularly engage in coding
on platforms such as
HackerRank.

LANGUAGES

English ,Tamil.

AWARDS

Photo editing.

Problem Solving.
